main window

The screenshot shows a window titled "Time Tracker" with a pink title bar. Inside the window, there is a greeting "Hi Aditi, Welcome to Time Tracker". Below this, there are three input fields: "Utilized Hours", "Wasted Hours", and "Sleeping Hours", each with a value of "0" and a spinner control. To the right of these fields is a text area containing the text "What's up!!". At the bottom of the window, there are three buttons: "Profile", "All Records", and "Analysis". A motivational quote "Many people make the mistake of saving money by wasting time." is displayed on the right side of the window.

LIMITATIONS

- It needs **practice and patience**, otherwise it could be:
 - Annoying
 - Discouraging
- It is effective only if user is **truthful** to himself/herself.
- Not very suitable for people who don't like organizing stuff ; like **teenagers** .
- It could just make us aware of the **scarcity of time** that is there because we all will be dead soon.
